## **SUMMARY**

My name is **Yash Dhondu Gawade**, a creative and passionate individual with a strong interest in technology and music. With expertise in Web Development.

I work with technologies such as **HTML, CSS, JavaScript, PHP, MySQL, React.js, and Node.js**, designing clean, modern, and user-friendly interfaces while implementing dynamic features like real-time updates, notifications, and data visualization.

My attention to detail and dedication to problem-solving define my approach to every project. In addition to my technical skills. I am a **Music Producer** known as **L3NOX**, specializing in **EDM** and **House** Music. I focus on creating emotionally resonant tracks in genres like melodic house and future house, aiming to connect with people on an emotional level through my music and creative projects.

Always eager to learn, grow, and take on new challenges, I strive to refine my skills and make a meaningful impact.
